

MapRenderer::mouseMoveEvent

MapRenderer::mouseRelease
Event

MapRenderer::mapPosition

```
graph LR; A[MapRenderer::mouseMoveEvent] --> C[MapRenderer::mapPosition]; B[MapRenderer::mouseReleaseEvent] --> C;
```

The diagram illustrates a mapping or dependency relationship. On the left, two white rectangular boxes with black borders contain the text 'MapRenderer::mouseMoveEvent' and 'MapRenderer::mouseReleaseEvent' (split across two lines). On the right, a gray rectangular box with a black border contains the text 'MapRenderer::mapPosition'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both mouse event methods are associated with or mapped to the 'mapPosition' method.
