

src/application_server
/datamodel.h

```
graph TD; A["src/application_server<br/>/datamodel.h"] --> B["string"]; A --> C["QLabel"]; A --> D["QWidget"];
```

The diagram illustrates the dependencies of the header file `src/application_server/datamodel.h`. Three blue arrows originate from the bottom of the top box and point to the boxes labeled `string`, `QLabel`, and `QWidget`, indicating that the header file includes or depends on these three components.

string

QLabel

QWidget
